

STEFAN PETKOVIĆ

FRONT-END DEVELOPER

SUMMARY

As a junior front-end developer, I am passionate about creating engaging, interactive web applications that meet user needs and business objectives. I have experience using HTML, CSS, and JavaScript to build responsive, cross-platform web pages and web applications. I am familiar with front-end frameworks such as React and Next, and I am constantly learning new tools and technologies to stay current with industry trends.

In my previous roles, I have worked on various projects, including e-commerce websites, and content management systems. I am proficient in using version control systems such as Git, and I am comfortable working in a team environment, collaborating with designers, developers, and project managers to ensure the successful delivery of projects on time and within budget.

As a detail-oriented and motivated individual, I am committed to delivering high-quality code and ensuring the best possible user experience for web applications. I am excited to continue learning and growing as a front-end developer and am eager to contribute my skills to a dynamic and innovative team.

STRENGTHS

Eager to learn new skills

As a person who is starting out, I am constantly seeking for new ways to grow and expand my skill set

Not afraid of failure

Strong believer in the mantra that we learn from our mistakes.

Time management

I always set aside time to plan my week and distribute the workload by days so that I can simultaneously meet deadlines and maintain my well-being.

Collaborative

I am comfortable working in a team environment, and I am always willing to lend a helping hand to my colleagues. I am happy to share my knowledge and skills with others, and I am also eager to learn from my peers and expand my own skillset.
